Scale 1:7 500 000 or 1 centimetre represents 75 kilometres
kilomètres 0 75 150 225 300 375 450 kilomètres

Lambert Conformal Conic Projection, Standard Parallels at 49°N and 77°N.
Modified Polyconic Projection, North at Latitude 90°.

DRAINAGE PATTERNS

This map is an impressionistic overview of the hydrographic network of Canada. The map was based on a generalization of all hydrological features appearing on maps of the National Topographic System at the scale of 1:1 000 000. (Glaciers are identified in blue).

Cartography by the Geographical Services Division, Canada Centre for Mapping (Ottawa), Energy, Mines and Resources Canada.
