

**Atlas of Canada 6th Edition
(archival version)**
Territorial Evolution, 1889

In 1889, Ontario is enlarged west to Lake of the Woods and north to the Albany River. The southwestern boundary of Keewatin is adjusted to conform with boundaries of the districts created in 1882. Canada's long and diversified settlement history is reflected in the two distinct patterns of boundaries that differentiate between eastern and western Canada.

Lambert Conformal Conic Projection. Standard Parallels 49°N and 77°N

**Provinces, Territories, Districts
and British Possessions, 1889**
