

Employment Growth 2001 - 2006  
(by census division)

Between 2001 and 2006, total employment in Canada increased at an annual average rate of 1.7%, the fastest rate increase among the Group of Seven (G7) nations. Italy's growth rate of 1.2% was second followed by France and the United States of America. Employment rose in every part of the country. Over the five years, the 1.7% annual average national employment growth rate was surpassed only in Alberta (2.9%) and British Columbia (2.1%) and the three territories. The map shows the employment growth rate between 2001 and 2006 by census division.
