

Atlas of Canada 6th Edition
(archival version)
Population Density, 2006
(by census division)

With 3.5 persons per square kilometre, Canada is one of the countries with the lowest population densities in the world. Census metropolitan areas (CMAs) with the highest population densities—Toronto (866), Montréal (854), Vancouver (735), Kitchener (546), Hamilton (505), and Victoria (475)—were located close to United States border.

Lambert Conformal Conic Projection. Standard Parallels 49°N and 77°N
