EDITION 1

This is a detailed topographic map of the Boothia Peninsula region. The map features a grid with latitude and longitude coordinates. The latitude scale on the right ranges from 50°N to 78°N, and the longitude scale at the bottom ranges from 42°W to 63°W. The map shows the Boothia Peninsula, with the word 'BOOTHIA' written across its upper portion and 'PENINSULA' written across its lower portion. The terrain is characterized by numerous contour lines indicating elevation, with peaks reaching up to 500 meters. A large body of water, likely a bay or fjord, is visible on the left side of the map. The map also shows various smaller lakes, rivers, and coastal features. The overall appearance is that of a technical or scientific map, possibly from a historical or military survey.
