# Department of the Interior,

OFFICE OF GEOGRAPHER,

Ottawa, FEB 27 1906

DEAR SIR,

I wish to obtain information respecting the derivation of the place-names of Canada—of the names of the villages, towns, cities and of the natural features, such as rivers, lakes, capes, bays, mountains, etc. — and shall be much obliged if you will give me any information that you may possess or can procure, respecting the below-mentioned name and also respecting the names of any other features in the vicinity of your residence concerning which you have knowledge.

In many localities, the older generation is passing, or has passed away, and unless steps are taken to collect this information, it will, in many instances, be too late. In most communities there are persons who take an interest in things of this nature or who have been connected with the early settlement of the locality. If there are any such in your neighbourhood, will you kindly submit this to them.

Below I have indicated the lines along which I desire information and also the commoner derivatives of place-names in Canada :—

(1.) Whether named after a village, town or city, or natural feature in any other province or country ; if so, the name of province or country in which the original locality is situated.

(2.) Whether named after a person ; if so, the person's name, occupation, spelling of name as rendered by the person and any details of interest respecting him (or her) such as (a) Whether alive or, if dead, approximate year of death ; (b) Whether at any time a resident of the locality and, if so, whether still living there.

(3.) Whether named after a natural feature ; if so, any details respecting the origin of the name as applied to the feature and the geographical position of the latter.

(4.) Whether the town, village or city ever had any other name or names ; if so, at what dates, approximately, and the origin of these obsolete names.

Any information bearing on the above will be deemed a courtesy.

Yours truly,

JAMES WHITE,  
*Geographer.*

Dear Sir:

In reply of yours of the 27<sup>th</sup> ult. I beg to say  
that: 1, \_\_\_\_\_

2, the name, "Kreiger" is a person's name. - Mr. Julius  
"Krieger" was a farmer on the NW 1/4 sec. 10 to 15, Twp. 6 East,  
Manitoba. The first post office was opened in his house  
and his name was chosen by himself as the name for  
the said office. - The post office, "Kreiger" has been opened  
in 1903. In September 1906, said "Krieger", who was  
the first Postmaster, sold his farm and removed to  
Winnipeg, where he is still living. The name, "Kreiger"  
has been changed since and the post office now is known  
under the name, "Libau". There is a city of same name  
in Russia, in the province of Courland on the Baltic Sea,  
after which it is named now. -

Libau P. O., now, March 26, 1906. -

To James White  
Geographer,  
Ottawa.

Yours truly  
L. Chalme,  
Postmaster
